

St. John's CCDC will provide a wide variety of learning experiences for children which will enrich their social, emotional, intellectual, spiritual, and physical development in a warm Christian atmosphere. Our program focuses on developing the "whole child". Each child is unique and our programs are designed to meet the varied interests and developmental needs. Our teaching methods are based on the "Creative Curriculum". This philosophy teaches that children learn best through "hands on" experiences as well as through play.

Classroom centers are arranged with the guidelines of the Developmentally Appropriate Practices (DAP) to provide children with an excellent means to create, explore, discover and learn about the world around them in their own special way.

Our curriculum includes, but is not limited to the following:

- Christian values
- Bible stories and prayers
- Chapel and songs
- Individualized learning
- Language skills
- Math skills
- Science
- Creative art
- Physical play
- Letter recognition and reading skills
- Dramatic play
- Free choice activities

Please refer to our Student Handbook (located on our Documents page) for more details on our preschool curriculum.
